NY TIMES - SAN BERNARDINO SUSPECTS LEFT TRAIL OF CLUES, BUT NO CLEAR MOTIVE

- The couple who the police say killed 14 people and left 21 wounded here had stockpiled thousands of rounds of ammunition and a dozen homemade pipe bombs in their home, officials said Thursday, a sign that they might have been planning further attacks.
- The suspects' extensive arsenal, their recent Middle East travel and evidence that one of them had been in touch with people with Islamist extremist views, both in the United States and abroad, all contributed to the decision to refocus the investigation.
