WANT TO FIX GUN VIOLENCE IN AMERICA? GO LOCAL.

There were more than 13,000 gun homicides in the US in 2015, across nearly 3,500 cities and towns. But the toll of this gun violence was not distributed equally. Half of America's gun homicides in 2015 were clustered in just 127 cities and towns, according to a new geographic analysis by the Guardian, even though they contain less than a quarter of the nation's population. FATAL COURTROOM ACT RUINS MICHAEL 'HOCKEY STICK' MANN CLIMATE CHANGE

"We believe he [Mann] withheld on the basis of a US court ruling that it was all his intellectual property. This ruling was made despite the fact the US taxpayer paid for the research and the research results were used as the basis of literally earth-shattering policies on energy and environment. The problem for him is that the Canadian court holds that you cannot withhold documents that are central to your charge of defamation regardless of the us ruling."

JUSTIN TRUDEAU: 47 CHARACTER REVEALING QUOTES FROM CANADA'S 23RD PRIME MINISTER AND WHAT THEY MEAN FOR YOU By Christopher di Armani

A scathing indictment of Canada's 23rd Prime Minister, Justin Trudeau. A man's actions reveal his true character, that which he attempts to cover with his words. What a man says is often inconsequential. Unlike a his words, his actions do not lie. They tell the true tale of the man. This book examines Trudeau's words, their stark contradiction with his actions and examine what his true character reveals.
