B.C. PUBLIC SAFETY MINISTER' QUOTES

BULK OF ILLEGAL GUNS SEIZED IN B.C. FROM DOMESTIC SOURCES: STUDY

Public Safety Minister Mike Farnworth said Monday police data indicates almost 60 per cent of the guns seized in B.C. were purchased, traded or stolen in Canada. He said most people might think illegal weapons come from the United States or other countries, but it is common for weapons purchased legally in the country to end up in the hands of criminal gangs. "Domestically sourced illegal firearms in Canada are now a significant factor in illegal firearms trade," said Farnworth at a news conference. "Individuals with no criminal record and with a firearms licence could legally acquire firearms and divert them to the criminal market." By DIRK MEISSNER - THE CANADIAN PRESS - NOVEMBER 27, 2017

ILLEGAL GUNS REPORT RECOMMENDS GOING AFTER GANGSTERS' ABILITY TO

DRIVE - BC's Solicitor General Mike Farnworth says he is willing to implement the recommendations to go after gangsters involved in gun crime including targeting their cars and ability to drive. Farnworth adds illegal weapons coming from within Canada, and not from across the border, is a growing problem. "Over the past three years in BC approximately 60% of illegal firearms were sourced here in Canada. Domestically sourced illegal firearms are now a significant factor in the illegal firearms trade."
