- Manitoba = 116 (No spreadsheet provided with names and locations)
- Saskatchewan = 108 (Spreadsheet attached)
- Newfoundland and Labrador = 15 (Spreadsheet attached)
- Nunavut = 2 (No spreadsheet with names and locations)

***“Unknown / no records like this kept by CFOs”:** Records identifying problems caused by not having enough CFO approved shooting ranges including shortages of facilities for qualification and requalification of firearms proficiency for police officers.*

**FEDERAL CFO's FOR THE OPT-OUT PROVINCES & TERRITORIES:** *The CFOs in the remaining provinces and territories of Alberta/Northwest Territories (AB/NT), British Columbia/Yukon (BC/YT), Manitoba/Nunavut (MB/NU), Saskatchewan, and Newfoundland and Labrador are federally appointed and report directly to the CFP. These CFOs are referred to as federal CFOs and these jurisdictions are known as the "Opt-out provinces and territories". The federal CFOs are RCMP employees reporting to the Director General (DG) CFP through the Director, Firearms Regulatory Services.*

**CFO's FOR OPT-IN PROVINCES:** *The provinces of Ontario, Quebec, New Brunswick, Prince Edward Island, and Nova Scotia are known as the "Opt-in provinces" since these provinces have chosen to administer the Firearms Act and its regulations within their jurisdictions. As such, these CFOs are provincially appointed and are accountable to the federal Minister of Public Safety through contribution agreements.*

EXCERPT FROM [2017 RCMP FIREARMS COMMISSIONER'S REPORT ON SHOOTING RANGES AND CLUBS](#): *CFOs approve and perform inspections of shooting clubs and ranges within their jurisdictions to ensure safe operation and compliance with the Firearms Act. Standards set out in the Firearms Act and the Shooting Clubs and Shooting Ranges Regulations are intended to ensure the safety of members, visitors and the general public. The Program develops and implements range safety measures and reviews range safety inspection reports to improve guidelines, procedures and tools used by Firearms Officers for shooting range inspections. It also reviews range applications, conducts quality control checks, provides feedback on inspection reports and requests or conducts follow-up inspections as required. **There were an estimated 1,400 shooting ranges in Canada in 2017.***
