On Saturday, May 2, 2020, Canada's four largest pro-firearm advocacy groups joined together to call for the resignation of Canada's Minister of Public Safety, Bill Blair.

During a briefing on the Liberal gun ban, officials from Public Safety, CBSA, Global Affairs, RCMP and the Department of Justice could not provide a working definition of the firearms placed on the "banned" list and they all displayed a shocking ignorance of current laws.

The full statements from all four groups are listed below:
